

## TO FACE THE DAY (SONG LYRICS)

Sadness fills my heart  
Despair in my soul  
Where did I go wrong?  
And why aren't I whole

So little gives me pleasure  
And so much gives me pain  
Mostly I feel nothing  
Just emptiness in my brain

### Chorus 1:

I am down  
On the ground  
You walk by  
You kick me  
Spit on me  
Try to hurt me  
I try  
I cry  
I die  
Are you happy....

Turmoil boils inside me  
I feel I will explode  
This happy life we live  
I cannot bear this load

I am not asking much  
All I want is some joy  
I want to live my life  
Not play your game like some toy

### Chorus 2:

Don't have to be accepted  
Or one of your kind  
All I want is to face the day  
With peace, in my mind
